JUNIOUS T. LILES NOT A CANDIDATE.

Will Not Stand for Reelection as
Lieutenant Governor.

Because of increased business re-
sponsibilities, Junious T. Liles, of
Orangeburg, Lieutenant Governor of
South Carolina, will not make the race
for reelection in the primaries next
summer.

George Warren, of Hampton, sol-
licitor of the Fourteenth Judicial Cir-
cuit, might be a candidate to succeed
Mr. Liles, but various circumstances
prevented him from making a definite
announcement at this time.

Among others mentioned recently,
should Mr. Liles decide not to run for
reelection, are Wilson G. Harvey, a
banker of Charleston, and W. P. Con-
yers of Greenville, member of the
board of pard ns.

Among the others recently men-
tioned as positive candidates for the
second executive office of the State
are: J. Howard Moore, Senator from
Abbeville county, and John F. Wil-
liams, Senator from Aiken county,
but neither of these two legislators
have signified their determination.

Walter L. Mishoe, representative
from Horry county, made a tentative
announcement for Lieutenant Govern-
or recently, but he had not decided
if he positively would be in the race,
although urged to do so by many of
his fellow members in the House of
Representatives.

Mr. Liles is a former Dillon coun-
ty man having been raised at Little
Rock. For the past 10 years he has
been living at Orangeburg where he
is associated with his brother, Eph-
riam Liles, in the insurance business.
Mr. Liles had been on several occa-
sions prominently mentioned as a
candidate for governor.

"STRANGE LIGHTS IN THE SKY."

There was much alarm in certain
quarters Monday night over the
"strange lights" seen in the northern
sky. The lights were seen between 9
and 10 o'clock and there were many
persons who thought the end of time
had come. It was the "northern
lights" or aurora borealis which is
often seen in polar regions but is
rarely visible in southern latitudes.

It has been about 30 years since the
lights have been strong enough to
create excitement in this section.
Those who saw it say it was a beauti-
ful display. It had three distinct
beams or rays which shot way up in-
to the heavens. Accompanying the
lights was an electrical disturbance
which interrupted telegraph service
in many northern points to the ex-
tent that telegraph and telephone in-
struments were put out of commis-
sion for an hour.

BOLL WEEVIL IN DILLON.

There was being exhibited on the
streets Tuesday afternoon a genuine
boll weevil. Or at least everybody
who saw it said it was a boll weevil.
The weevil came from Mr. J. H.
McLaurin's farm in the upper part of
the county. One of the colored ten-
ants found it on his boy's leg. Some-
one got a book which contained pic-
tures of the boll weevil in its differ-
ent stages of development and the
insect had a striking resemblance to
the pictures. It had the same num-
ber of legs, the same shape body and
the same kind of boring apparatus.
Warnings have been sent out by boll
weevil experts, however, advising the
people not to get excited over every
strange looking insect found on the
farm. When a section is threatened
there are many false alarms before
the real weevil comes along. The
specimen will be sent to Clemson
College.

DILLON COUNTY FEDERATION.

The Executive Board of the Dil-
lon County Federation met Thursday
afternoon in the court house and out-
lined plans for the spring meeting at
Fork. May 1st was the date decided
upon and an interesting program was
planned. A committee of Fork ladies
also attended this meeting to discuss
with the officers and arrange the
days program satisfactorily to all.

HERALD ADS, PLEASE

Big Land Company Says Her-
ald Ads. Give Money's
Worth.

The following is an excerpt
from a letter from Burton
Bros. Co., which will conduct
a big sale of town lots here
tomorrow.

"We have received a number
of copies of your paper that carry
our advertisement of the
sale we have in your town
Friday, March 26th. We are
very much pleased with this
advertisement, and especially
the way the form is fixed. We
could make no suggestions
that would make this appear
in a more business-like man-
ner. Our advertisements have
appeared in all the leading
papers of the south, and we
gladly say that your methods
of giving a man his money's
worth are among the best."

Bank Seizes Autos.

Loris Bank Seizes Cars Claimed by F.
& M. Bank of Latta.

Horry Herald.
Last week the Sheriff of the
county seized a number of Ford au-
tomobiles from Ambrose and Bethea
under an execution issued upon a
judgment which has been on record
since 1914, against Power W. Bethea
and Mrs. Hilda Bethea, jointly with
Mr. Percy Hardwicke and Mrs. Mag-
gie Hardwicke. These machines
were seized by the sheriff were taken
at the direction of the Bank of
Loris, who holds the above stated
judgment. The judgment is for a
deficiency on the foreclosure of a
mortgage covering the E. S. Baker
tract of land near Cool Spring, which
was purchased by Messrs. Hardwicke
& Bethea from Mr. J. W. Dawsey.
Mrs. Bethea and Mrs. Hardwicke
were endorers on the note secured
by the mortgage. The land did not
bring enough to pay the debt so
there is now due on the judgment
the sum of about five thousand dol-
lars with interest from 1914.

After these automobiles were seized
by the Sheriff last week, Mr.
Power W. Bethea stated that the
cars did not belong to him but
showed a written certificate on the
letterhead of the Farmers & Mer-
chants Bank of Latta, South Car-
olina, indicating that the cars belong-
ed to the Bank of Latta, this cer-
tificate being signed by one Mr.
Bethea, as assistant cashier.

Later, Attorney J. B. Gibson and
Mr. Dal Bethea of Latta, South Car-
olina, came over to Conway and Mr.
Dal Bethea stated that he owns the
cars and that he had them shipped
to Ambrose & Bethea to sell for
him. At last accounts attorneys
were employed and it was expected
that claim and delivery proceedings
would be brought to re-take the cars
from the Sheriff and the Bank of
Loris. Mr. P. S. Cooper, the Presi-
dent of the Bank of Loris, was here
one day last week and gave the
Sheriff a Bond of Indemnity against
any damage or cost that might be
incurred in the taking of the cars.

SENATOR NEWBERRY IS GUILTY

Grand Rapids, Mich., March 20.—
Senator Truman H. Newberry was
found guilty of criminal conspiracy
in the campaign of 1918, according
to a verdict returned in the United
States District Court here today. The
case has been on trial for eight weeks
starting with 123 active defendants
and finishing with 85. Verdicts of
guilt also were returned against
Paul King, Charles Ford, Fred Cody,
and E. Z. Chilson.

Washington, March 20.—Convic-
tion of Senator Newberry by the
Grand Rapids jury does not invali-
date his seat in the Senate, Repub-
lican leaders said today. He will be
entitled to retain office, they de-
clared, until the Senate itself acts
on the charges filed by his opponent,
Henry Ford. A sub committee of
the elections committee headed by
Senator Watson, Republican of In-
diana, now is waiting a conference
with counsel for Newberry and Ford
regarding procedure in the Senate in-
vestigation of the charges. Whether
Senator Newberry in view of his con-
viction will continue his duties in the
Senate pending a final decision of
his case by the courts is a matter
for his own discretion, Senators
said.

Senate leaders had been advised
by Mr. Newberry that in event of
conviction he would carry an appeal
to the United States Supreme Court,
if necessary.

COUNTY FAIR ASSURED

Stock Has Been Subscribed and Work
Will Begin on Buildings at
Once.

Over \$11,500.00 has been subscrib-
ed to the capital stock of the County
Fair Association, and it is practically
certain that Dillon county will have
a fair next fall. Books of subscrip-
tion will be formally opened April 16
and when the legal requirements have
been complied with application will
be made to the secretary of state for
a charter.

The buildings will be erected at the
race track, where additional land has
been purchased. Work on the build-
ings will begin as soon as the mat-
erial can be purchased, and it is
hoped to have everything in shape
for the opening which will be held
some time in the early fall.

The stock is widely scattered, the
object being to interest every sec-
tion of the county in the enterprise.
Judge Davis, who has charge of the
subscription list, says he has a few
more shares which he will dispose
of to anyone living outside of town.

GIRLS GLEE CLUB.

A unique program is the term that
can be applied to the work of the
Coker College Glee Club (26 girls)
who appear here Friday night, April
2nd, at the High School. It will not
only contain some of the classics and
semi-classics, but humorous as well.
In addition a group of "Old South-
ern Melodies" have been added, for
no southern program is complete
without it.

As far as possible a program that
will please all classes has been ar-
ranged. The Miserere from Verdi's
"Il Trovatore," together with Victor
Herbert's "Italian Street Scene" from
Naughty Marietta will be two of the
outstanding numbers. As to the later,
why matter whether you care for
classical music or not, you will not
fail to appreciate this number, by
far the most alluring and pretentious
aria of all the modern operatic music.
When the concert is over you will
feel that to have heard that one num-
ber was worth the entire program.
Mention can not be made of course to
all the numbers, for space would not
permit. Suffice to say that musical
will move you then the group of Old
treasures are in store for everyone,
both young and old. If nothing else,
Southern Melodies accompanied by
banjos, guitars and mandolins will
stir your heart, carrying you back to
the days of long ago.

Besides the work of the girls, why
three soloists will each give a group
of numbers. Miss McMicken (soprano)
Miss Eadie (violinist) and Mr. Lam-
bden (baritone) will endeavor to make
their numbers suited to all lovers of
music. In other words the entire
program will be different from the
usual stereotyped glee club program,
both in musical setting as well as
staging.

LEAP YEAR PARTY.

Misses Eula and Beulah Braddy
entertained their friends with a de-
lightful leap year party on Thursday
evening. A unique feature was the
girls bringing the young men to the
party where they were welcomed by
the hostesses. Several games of pro-
gressive rook were played and the
highest score being made by Miss Mil-
dred Sellers, she was presented with
a lovely guest towel. Marriage pro-
posals written by the girls with an-
swers by the men afforded much merr-
iment. A delicious salad course, ice
cream, cake, coffee and mints were
served and attractive favors of wish
bones were given. Those present were
Misses Marie Smith, Edith Elliott,
Marie Jackson, Sarah and Mary Be-
thea, Margaret Melvin, Mildred Sel-
lers, Jane Gibson Sadie Belle and
Annie Coppage. Messrs. Roy Ed-
wards, Dave Byers, Sam Williams,
Will Wheeler, Jno. C. Bethea, Schu-
bert McCutche n, Pierce Bethea, Pal-
mer Bethea, Frank David, Thad Ham-
mer, Ben Edwards, Dr. Darwin and Dr.
Johnnie Halsford.

Misses Allie and Leila Braddy and
Mrs. J. M. Sprunt assisted in enter-
taining.

Church Societies Meet

At a joint meeting of the Mission-
ary and Ladies' Aid Societies of the
Presbyterian church held on Friday
afternoon with Miss Janie McKay,
the following officers were elected:

After the close of the business ses-
sion the hostess assisted by Mrs.
Clark, Mrs. Alford and Miss Car-
michael served delicious salad,
crackers, tea and wafers.

TAKE DINNER AT THE PALMETTO CAFÉ SUNDAY.—3 25 1c.

RETURNED AFTER FIFTY YEARS.

Baltimore Man and Wife Each Be-
lieved Other Was Dead.

Baltimore, March 23.—A husband
and wife separated for fifty years,
living under the same roof for five
years, each believing the other was
dead, were reunited a few days ago,
when Cardinal Gibbons, Bishop Cor-
rigan and Mrs. Ral Parr jointly su-
persvised a festival for the inmates of
the Little Sisters of the Poor.

The couple are Mr. and Mrs. Bar-
ney McGahan. Mr. McGahan is sev-
enty-eight years old and Mrs. McGa-
han eighty-six, and although both
are bedridden, each ate heartily of
the special feast arranged for the
inmates.

Mr. and Mrs. McGahan were re-
united not far from the place where
they courted and married fifty-five
years ago. They were separated when
Mr. McGahan, who had joined the
Navy, lost trace of his wife.

COUNTY FAIR SUBSCRIBERS.

There was another very enthu-
siastic meeting of the Fair Associa-
tion, on last Friday afternoon and if
enthusiasm amounts to anything we
will have a good fair next fall. The
people are subscribing liberally to
the stock. In fact the stock would
have been subscribed had we not dis-
couraged subscriptions for large
amounts. It is our purpose to get sub-
scriptions from as many people as
possible. Just as soon as we get all
of the stock subscribed there will
be a call meeting of the stockholders
for the purpose of electing officers.
This meeting will be held on April
16th.

The following is a list of the
stockholders that have been reported
to the secretary. Please send in
your subscriptions as promptly as
possible:

Work of the Dillon County Public Health Nurse.

For the past week Miss Caro Mc-
Leod has been inspecting the chil-
dren in the Dillon school and the
teachers, as well as children have
shown great interest in the work.

Prof. Roberts has given his hearty
cooperation and Miss McLeod has
been especially impressed with the
splendid behavior of the boys. The
examination room adjoins the super-
intendent's office. Each child is
weighed and measured, eyes, teeth
and hearing examined, a record is
kept by the nurse and a tag contain-
ing this record is given to each child
for its parents to see.

If there are defects, the parents
should take the child to a physician
for further examination or diagnosis
and these defects remedied before
they become more serious.

Miss McLeod has done this medi-
cal inspection in all but three of the
schools in Dillon county (about 2000
children) and she will finish these
within the next few weeks.

The value of such work cannot be
estimated or appreciated too highly.
It proves the truth of the proverb,
"An ounce of prevention is worth a
pound of cure," for surely the time
to prevent disease is before our
bodies are racked with pain or burn-
ing with fever, when it may be too
late to cure.

During the recent outbreak of in-
fluenza the public health nurse ren-
dered valuable assistance to the
sick as well as instructing others how
to care for the sick and keep from
spreading the disease.

All who are interested in the work
will be glad to know that there is to
be another public health nurse in the
county, supported by the Dillon and
Latta Red Cross Chapters. She will
be located in Latta and the county
will be divided between the two nur-
ses, each being responsible for her
part, thus making the work more
effective and thorough.

The county delegation appropriat-
ed \$1500 for the salary of one nurse
(Miss McLeod) and expenses of trans-
portation, etc., will have to be sup-
plemented by Red Cross funds also.
Mrs. L. Cottingham.

TAKE DINNER AT THE PALMETTO CAFÉ SUNDAY.—3 25 1c.

TO DRILL ONE WELL IF TAKES LIFE TIME

President of Marlboro Oil Company
Replies to Mr. Summers and
Mr. Taber.

To the Editor of the State
Whether intentionally, or not, a
gross injustice was done me pers-
onally and also the Marlboro Oil De-
veloping company, of which I am pres-
ident, by an article authored by A. C.
Summers and Stephen Taber which
appeared in Tuesday's State.

I have no desire to enter into a
newspaper controversy with anyone
and wouldn't even make this reply
had there not been a reflection on my
personal integrity.

As to Mr. Summers' contribution,
he stated that the sample of crude oil
submitted him for analysis was not
accompanied by proof of its source.
Now the facts surrounding the entire
incident are as follows: The sample
from which Mr. Summers made his
analysis was mailed him (an affidavit
as to its source) was mailed him
(today) and a few days following I
personally took a sample to him for
further investigation. He did not
analyze this second specimen, stating
that he would merely be duplicating
his work as the one sent him by mail
and which he had already analyzed
was evidently the same.

I don't believe Mr. Summers meant
to create the impression that he
doubted the truth of verbal state-
ments made by him to me at the time
concerning where the oil came from,
but whatever his intentions were,
that is what he has done and need-
less to say I feel that I have been
treated unfairly in that I was not
given an opportunity to show as I
could have by hundreds of witnesses
that the samples came from my farm
at Five Forks, the place that we pro-
pose drilling.

As to what Mr. Taber has to say,
this is the second time his story has
appeared and he has done everything
in his power to discourage the propo-
sition from the beginning, having
gone so far as to write the insurance
commissioner a letter attempting to
prevent our operating at all.

He honored me with a visit and I
was pleased to entertain him in my
home, and as I recall, paid his ex-
penses from Columbia. I also listen-
ed respectfully to what he had to say,
but being cognizant of the fact that
the greatest oil fields in the country
had been developed against the judg-
ment of really celebrated geologists,
especially in the Southwest, I decided
his opinion though honest was prob-
ably not worth as much as he thought.

No Mr. South Carolina Citizens, I
am pleased to invite any of you who
wish to investigate me to pay a visit
to my home community, and seek
your information from any reputable
citizen, and you may also go further
and seek them about this oil com-
pany that I am president of and all
about the personnel of the company.

I want to say further that I am
going to drill, at least one well on
this place if it takes a life time and
if no other man, woman or child puts
up one cent to help me out.

C. H. Jackson,
President Marlboro Oil Co.
March 18.

LOW RATE OF INTEREST.

County Borrows \$80,000.00 at One
and One Half Per Cent. Interest.
Merchants & Planters Bank Makes
Loan.

Marion Star.
The County of Marion has arrang-
ed to borrow \$80,000 for 1920 pur-
poses, from the Merchants & Planters
Bank, of Mullins, at the extremely
low rate of 1 1-2 per cent interest.

Each year the County borrows money
for current expense, and the bids
are made by various banks in sealed
envelopes which are opened at a meet-
ing of the County Board of Commis-
sioners and the County Treasurer.

The bids for 1920, according to
Treasurer Dan J. Martin, were:

Merchants & Planters Bank, Mul-
lins 1 1-2 per cent.

First National Bank, Mullins,
2 1-2 per cent.

Marion National Bank, Marion, 4
per cent.

Farmers & Merchants Bank, Mar-
